Sustainability Commitment

Hopscotch is a cashless facility. Our drinkware was made from repurposed and recycled water bottles. Our BioAgave straws are made from natural Agave Tequilana and are 100% biodegradable, which means they won't linger in landfills, polluting our land or oceans. Lids and BioAgave straws available upon request.

Our cocktail menu is inspired by our installations. It aims to be an extension of the art that will enhance and complement the experience. Ask about our mocktails!
